Radical Fulfillment of The Law of Attraction!

YOU ARE NOT ALONE!

Let us begin by defining what Radical Fulfillment of the Law of Attraction really means. Radical fulfillment is about letting go of the concept of linear time. Put another way, there is no wait between what is truly needed and what opportunity presents itself to fill the need. It is about moving into a state of *Being* where there is a knowingness that the law of attraction is a living reality.

The Law of Attraction is the Law of God. It is the Law of Love and how it creates. It is all about allowing God to be God, fully present *in evidence* every moment. It is about *experiencing* the fullness of the truth and realizing that everything is happening in the mind of God.

To embrace and harness the *radical fulfillment* of the Law in your life, you simply ask to receive what's needed. Ask: "What is slowing up or stopping my experience from moving into my tangible awareness?" These brakes are all in 'your awareness'... albeit most are subconscious in nature. Nevertheless, these are the only things that are stopping the Law from bringing forth whatever you desire... and stopping bring forth 'what you do not want more of' (which is caused by desires you have but perhaps are not aware of.)

And now, as gifted us by God, His Perfection Healing process can assist you in releasing these brakes simply by your willingness to participate in removing them from blocking your way!

Using the "Totality of Your Wholeness" chart (page 2), the [Perfection Healing process](#) worksheets and your Auric Bodies Communication modality, your inner guidance of Divine Intelligence (DI) will guide you—in the direction of any desire you seek. But you have to ask in order to receive. Within this guidance, you will receive the proof that you are not alone if you are willing to ask and receive. If allowed, it is truly this simple, as simple is the way Love operates.

Start by asking the following questions using the graphic chart on the following page:

- What part of my wholeness should I focus on: Box A, B, C, or D?
- Can I find out what blocks are holding me back from experiencing my totality in this part of my life (A, B, C, D)? YES or NO
- IF YES? Which worksheet should I work with using the Perfection Healing process, [I](#), [II](#) or [III](#)?

And finally, after completing the sessions as so guided, ask:

- What is my affirmation to practice my new experience?

Radical Fulfillment of The Law of Attraction!

Excerpt From Paul Tuttle's Book, "You Are The Answer"...

RAJ/ JESUS: No, I really don't at this time. Why don't you go ahead now and have your conversation with your Supply. Continue where you left off last night.

PAUL: All right, I will. [Addressing Supply.] I know you are omnipresent and ever present, Supply. Let me ask you whether it is more accurate to refer to you as my Supply or my Substance?

SUPPLY: *It is more accurate to refer to me as Substance, but if you wish to refer to me as Supply, you may. It's just that in your present thought processes, the word "supply" refers primarily to money. In Actuality, Substance refers to all the energies which constitute the activity of your Being, which is Universal. You are free to call me whatever you wish.*

PAUL: I understand more clearly this morning that you are desirous of responding to needs that I am conscious of wanting fulfilled. Is that correct?

SUPPLY: *That is exactly correct. There is no emotion involved in desiring to fulfill your needs. It is simply my Nature to do that.*

PAUL: Does this mean that if there is a need for \$5000 or \$6000 in order to bring all of my financial situation current, that I simply come to this point where I can converse with you, and state, "I need \$5000"?

SUPPLY: *It's almost as simple as that. You see, I am You in your infinite aspect. I constitute the underlying Activity or energy field, which is ever present and attentive by Nature to forming the perfect concept, as well as the more Universal directives of Your Being. This is a fact, whether or not you are consciously aware of this activity at any given time. You see, all of You is always functioning, even though you are apparently aware of only a small part of that Totality, and I respond to all of You.*

When you have a desire, I must respond, as long as that desire approximates the fulfillment of your Being. When your desire is based on external stimuli and misconception, then I cannot respond, because that is your belief and not your Being.

As you begin to become more familiar with being out from Mind, my response will seem to be more visible than it has been in the past, because there will be no belief in it, just Being.

PAUL: At this time from the point of being as Conscious Being, I recognize that it is principled and orderly for proper debts to be able to be fulfilled. I would love to be able to pay off every debt. But I will start small. Do I need to state a specific amount of money, or do I simply need to say that I would like as much money as is needed in order to bring all of my bills current?

SUPPLY: *You need to be specific. I am not a mind reader, I do not think, although I am Intelligence in action.*

PAUL: Very well. I need \$5,000. This is not an extravagant desire. It will bring everything current and will leave almost nothing left over. That is my need.

SUPPLY: *Thank you, Paul, for stating it clearly. I will form it in a manner or package that you can recognize and utilize, just as I form the air so that you are able to recognize and utilize it. It is not necessary for you to know how I do it with money, any more than it is necessary for you to know how I do it with air. But the fact is that a clear desire, based on a perfect concept, made from the standpoint of Conscious Being, puts into action the Nature of Law of my being, and I respond. You can count on it.*

PAUL: Is it helpful or necessary if I specify a time by which I need it?

SUPPLY: *As I said, I do not think. Time has nothing to do with the process. It is already done.*

PAUL: Thank you. [Addressing Raj.] Raj, you must be familiar with how this process works.

RAJ: Of course, I am, Paul.

PAUL: What is the next step for me? Because it's already done, do I now simply wait patiently to see it unfold in my experience? Does it mean I now need to take some action? What do I do now?

RAJ: Paul, do not handle your thought right now as though you cannot hear me. I know that you are not consciously aware of resisting, but we need to break through this ingrained block. The simple fact is, Paul—that's it, relax, and don't think while you are communicating with me right now—you need to understand that your Being functions in accordance with Universal Harmonies. The exact manner and form in which your supply will appear will be in accordance with the Universal

principles of Harmony—the Harmony of your Being. You are wondering whether you need to remain in meditation, or whether all you need to do is trust and go about the things at hand to do. Paul, the simple answer is that you must stay in this intuitive place and be responsive to the Universal Harmonies of Your Being. You must learn to flow with the movement of your Substance as well as with the movement of your entire Being, just as you are learning to flow very nicely with the communications you and I have each day.

Do not think of it as a special place, or a special state of mind. It will, indeed, feel different. Do not judge it. From your point of view, you are going to have to risk the chance that everything is all right while you are in the seeming foreignness or strangeness of being out from Mind.
